Dear Bryan:

I cannot begin to thank you enough for your help in celebrating my husband's 75th birthday.

You and your staff were so helpful that it was the contributing factor in making the party a huge success. The food was outstanding, the flowers were beautiful and a good time was had by all.

My husband was especially honored and excited to have David Pino there. For a Texas-ex, nothing could have been better.

I hope people know what a fine catering service Wichita Falls has in Monarch Banquets and Catering. The professionalism and help turned a party for 180 plus people into a grand celebration. Everything was as promised, the service to that many guests was excellent and I am so appreciative for all you did to make this a memorable moment in my husband's life. We have certainly been effusive to other people in our praise of the good job you did. Thank you so much.

Graciously yours

Tomi Oliver
